Dear Ms. Stokes:

Thank you for your email of May 22, 2015 including a summary of the Draft Environmental Detailed Impact Analysis (DIA) with respect to the National Memorial at Green Cove in Cape Breton Highlands.

While the Memorial will have a major impact on the site of its location (not all positive) I am satisfied that the project should be strongly supported as the Memorial will be a powerful tribute and reminder of the debt that we owe to those "who gave their lives for our freedoms and to all the Veterans that did return home, but are no longer with us".

Thank you for your "balanced report" and this letter will confirm my enthusiastic willingness to remain as an Honorary Patron of the Memorial.

With very best wishes,

Hon. R. Roy McMurtry, OC, O.Ont, QC LSM
