Dear Mr Trigiani,

NEVER FORGOTTEN NATIONAL MEMORIAL

Thank you so much for your letter of 26 September and for sharing with The League the latest edition of the "Never Forgotten National Memorial" (NFM) Presentation booklet.

My colleagues and I have closely examined the contents of the NFM presentation booklet and think it is quite superb. You deal with the issues in a most sensitive and effective way so befitting of such an important national memorial.

The League wishes you and Norstar a most favourable outcome with your inspired initiative in realising such an important national monument to ensure that the heroism and sacrifice of your brave service men and women is not forgotten.

Good luck with your very worthwhile endeavour, you have our total support.

*Yours sincerely,
Paul Davis*
